

S--Mr. & Mrs. Dalrymple.

In each of the latter cases I know personally.

I received a letter about two or three weeks ago from Cousin Mollie which I have not replied to yet as I have not had time. I expect to write her within the next few days.

June 21, 1926.

I sent Hardy Collier and also Mrs. Dalrymple, a copy of the Collier genealogy from the year 1840, which I have had a copy of. It comes right up to the generation of which Uncle Arthur was a member. The genealogy has been completed, and I have been able to see it.

Mr. & Mrs. R. W. Dalrymple,
Uvalde, Texas.

My dear Cousins:

The honey sent by parcel post came duly to hand, and I know we will all enjoy it very much, as we are especially fond of honey. Our section grows a great deal of honey but not for market purposes. It is never shipped but sold around the towns.

When I was in Waco last November, I had contracted the flu and at that point turned around and commenced to make my way back home arriving home about ten days later, having a subnormal temperature the entire time and had the flu, which I have not really as yet gotten rid of.

I did hope to visit Texas again this Summer. I intended going during June but have been unable to get away as yet as my son has been away from home the bulk of the time. He spent about six weeks in Europe and then had to stay in New York for another ten weeks, and I, myself, go up to New York around the first of July.

I note what you say about Cousin Mollie. I enjoyed my visit to her and Della and Mr. Chapman very much. They were unusually nice to me, and your mother came on up to Tyler with me. At Tyler I stopped to visit other relatives on my grandmother's side, or descendants of the Greene family from around Thomaston and Upson County. They went to Texas away back around 1860. I also visited some of these same relatives at Mt. Pleasant and Douglasville.

This trip was both a business trip and also to see relatives I had never seen before.

I have shipped a great many goods for twenty years past to Texas in the cities of El Paso, San Antonio, Dallas, Fort Worth and other smaller towns scattered about, but had never visited the State. I have a great many friends

in each of the larger cities that I know personally.

I received a letter about two or three weeks ago from Cousin Mollie which I have not replied to yet as I have not had the time; but I expect to write her within the next few days.

I sent Hardy Collier and also Mrs. Harryman of El Paso, Texas, a copy of the Collier genealogy from the year 1470, writing them to hand you a copy. It comes right up to the generation of which Uncle Afford was a member. The genealogy since that time has not been completed, but I am working on it the best I can.

I have asked Mrs. Harryman to send me a copy of the family record of her father and his children and grand children, etc., but she has not yet sent it to me. Ask her to hurry it forward.

With sincere regards and good wishes to all of you and trusting that some day I may have the pleasure of seeing you, I beg to remain

Yours very sincerely,

J. C. Collier.

I did hope to visit Texas early this summer. I intended going during June but have been unable to get away as yet as my son has been away from home the bulk of the time. He spent about six weeks in Europe and then had to stay in New York for another few days. I myself, as you know, am now in New York around the first of July.

I have visited you and your sister Mollie. I enjoyed my visit to get and see you and Mr. Chapman very much. They were unusually nice to me, and your mother came on up to visit with me. At that time I stopped to visit other relatives on my way to your sister's home. I also visited some of the friends from around Houston and Upton County. They were so kind and gave me a very good time. I also visited some of the relatives at Mt. Pleasant and Bonham.

This trip was both a business trip and also to see relatives - and never seen before.
